TMK Ships Pipes with Premium Connections to Daewoo Energy Central Asia

TMK, one of the world's leading oil and gas steel pipe producers, has shipped casing with TMK PF Premium Connections to Daewoo Energy Central Asia.

The product is intended for use in exploratory drilling program in Uzbekistan in 2011, which is being conducted by Daewoo Energy Central Asia, a subsidiary of South Korea's Daewoo International.

TMK (www.tmk-group.com)

TMK is a leading global manufacturer and supplier of steel pipes for the oil and gas industry, operating 24 production sites in the United States, Russia, Romania and Kazakhstan. Among global leaders, TMK has the largest steel pipe production capacity. The largest share of TMK's shipments belongs to high margin oil country tubular goods (OCTG). In 2010, TMK's pipe sales totaled approximately four million tonnes, shipped to customers in more than 65 countries.

TMK's ordinary shares are listed on Russia's MICEX and RTS stock exchanges. Its GDRs are traded on the London Stock Exchange, and its ADRs – on the OTCQX International Premier trading platform in the U.S.
