**Press Release**

### **TMK's Oilfield Service Centre in the Middle East Certified by ADCO**

Threading and Mechanical Key Premium LLC, TMK's service and support centre in Abu-Dhabi (the United Arab Emirates), has been certified by Abu Dhabi Company for Offshore Oil Operations (ADCO) to supply oilfield services.

This will enable the company to participate in ADCO's bids as a contractor for threading of premium connections and repair of pipe (both on a standalone basis and as part of tubular product supply).

“Certification of TMK's first service and support centre in the strategically important region of the Middle East and North Africa will boost the Company's competitive position in bidding for supply of premium tubular products and provision of oilfield services,” commented Alexander Shiryayev, TMK CEO. “The status of ADCO's certified supplier will help TMK secure orders from other leading companies in the region and local divisions of international oil and gas majors.”

#### **TMK ([www.tmk-group.com](http://www.tmk-group.com))**

TMK (LSE: TMKS) is a leading global manufacturer and supplier of steel pipes for the oil and gas industry, operating 28 production sites in the United States, Russia, Canada, Romania, Oman, UAE, and Kazakhstan and two R&D centers in Russia and the USA. In 2013, TMK's pipe shipments totaled 4.3 million tonnes. The largest share of TMK's sales belongs to high margin oil country tubular goods (OCTG), shipped to customers in over 80 countries. TMK delivers its products along with an extensive package of services in heat treating, protective coating, premium connections threading, warehousing and pipe repairing.

TMK's securities are listed on the London Stock Exchange, the OTCQX International Premier trading platform in the U.S. and on the Moscow Exchange MICEX-RTS.
